

Motion 1907FC01: The Finance Committee moves to make the following correction to Pacific Swimming's Policies and Procedures Section III Fees G.2 .

2. The minimum service charge to reissue lost or checks not cashed ~~within a 6-month time frame~~ shall be \$25. No fee shall be charged to reissue checks sent to an address other than the one listed on the request form.

Reasoning: There should be no time frame associated with this service fee. Pacific Swimming's checks state "Void after 60 Days". If a check has not been cashed within 45-60 days since it was issued, I contact the club to ask if the check was received. Most usually find and deposit the check. If we need to stop and reissue a check, there should be a fee associated with that action.
